Advancing Social Studies Education Through

Advancing Social Studies Education through Self-Study Methodology provides a collection of works that highlights ways in which self-study of teaching and teacher education practices can advance conversations and knowledge in social studies education. Some of the pieces chosen for this book will provide theoretical connections between the two fields (e.g. how values and principles important to both fields work together, are similar, and can help each field expand).

Crowe | Advancing Social Studies Education through Self ...

By advancing their knowledge of research in social studies education, teachers not only expand their current knowledge of the subject, but also how to teach it. Each student learns social studies in a different way, and while memorizing flash cards might work for one, another may need more attention in the classroom.

Suggestions to help social studies teachers use historical fiction and biography to teach critical reading to intermediate grade students are made. For example, teachers should help students to check various sources for the author's qualifications, purpose, and bias and assist students in analyzing language and writing style. (RM)
