If you're looking for some fun fiction to enjoy on an Android device, Google's bookshop is worth a look, but Play Books feel like something of an afterthought compared to the well developed Play Music.

Awakenings

"Awakenings" is a positively surprising career change of pace for its two leads, Robin Williams and Robert DeNiro. Based on a true story, the film is about the experimental drug invented by Dr. Oliver Sacks (Williams) and how it successfully awakened many paitents from catatonic states which had lasted as long as 30 years.

Awakenings (1990) - IMDb

Awakenings is a 1990 American drama film based on Oliver Sacks 's 1973 memoir of the same title. It tells the story of a fictional character, Dr. Malcolm Sayer, which is based on a real life experience of the author, who, in 1969, discovers beneficial effects of the drug L-Dopa.

Awakenings

"Awakenings" is a very moving picture with powerful acting, great direction, and a theme that will have you in tears. One of my favourites, it is such an incredible film.

Awakenings (1990) - Rotten Tomatoes

Penny Marshall's medical drama Awakenings (1990) is a profoundly moving film. I find it captures the belief in medical science that doctors should aspire to, but more so relating to their patients' suffering and condition. Marshall bravely represents a lost portion of society that have been left to die catatonic and hopeless in hospitals.

the act of awaking from sleep. a revival of interest or attention. a recognition, realization, or coming into awareness of something: a rude awakening to the disagreeable facts. a renewal of interest in religion, especially in a community; a revival.

Awakening | Definition of Awakening at Dictionary.com

Awakenings is the remarkable account of a group of patients who contracted sleeping-sickness during the great epidemic just after World War I. Frozen in a decades-long sleep, these men and women were given up as hopeless until 1969, when Dr. Sacks gave them the then-new drug L-DOPA, which had an astonishing, explosive, “awakening” effect.

Awakenings | Oliver Sacks, M.D. | Author, Neurologist | On ...

This is the great discovery in the opening scenes of "Awakenings," preparing the way for sequences of enormous joy and heartbreak, as the patients are "awakened" to a personal freedom they had lost all hope of ever again experiencing -- only to find that their liberation comes with its own cruel set of conditions.

Awakenings movie review & film summary (1990) | Roger Ebert

Awakenings is a 1973 non-fiction book by Oliver Sacks. It recounts the life histories of those who had been victims of the 1920s encephalitis lethargica epidemic. Sacks chronicles his efforts in the late 1960s to help these patients at the Beth Abraham Hospital (now Beth Abraham Health Services) in the Bronx, New York.
