Evidence-based practice is best incorporated into nursing units with a dedicated safety nurse, educator, or EBP leader. In units without such a position, clinical practice councils can be formed by any nurse on a unit to bring together a core team of individuals to tackle unit-based issues and find literature-supported solutions.

Bringing Evidence Into Everyday Practice (March 15, 2008 ...

is a critical part of evidence-based practice. Some-times reactions to reject or hold data in abeyance are appropriate, and other times these reactions represent fear or reluctance to think a new way. Considering all possibilities enables professionals to understand themselves, their colleagues, and the people they serve a little better.
