in business organizations killing one another by giving money the highest priority. Duska (27) argues that business ethics and profits go hand in hand in any business organization. Duska (34) proposes that a business organization can prioritize profit while they adhere to code of conduct, government regulations, and humanity.

Economics Essay Paper on Business Ethics and Profits

The phrase, "people, planet, and profit" to describe the triple bottom line and the goal of sustainability, was coined by John Elkington in 1994 while at SustainAbility, and was later used as the title of the Anglo-Dutch oil company Shell's first sustainability report in 1997. As a result, one country in which the 3P concept took deep root was The Netherlands.
