ManyBooks is one of the best resources on the web for free books in a variety of download formats. There are hundreds of books available here, in all sorts of interesting genres, and all of them are completely free. One of the best features of this site is that not all of the books listed here are classic or creative commons books. ManyBooks is in transition at the time of this writing. A beta test version of the site is available that features a serviceable search capability. Readers can also find books by browsing genres, popular selections, author, and editor's choice. Plus, ManyBooks has put together collections of books that are an interesting way to explore topics in a more organized way.

This month has been the month of Chinese ATVs here at Scooter's Powersports. We've had several in and out of the shop and gotten numerous phone calls about these little buggers. Below, we've tried to answer three of the most common questions surrounding Chinese ATVs as well as clear up a few misconceptions. Where can I get a service manual for a Chinese ATV? The short answer here is: you can ...
