Disciplining Female Bodies Women S

The work of Michel Foucault has been extremely influential amongst feminist scholars and for good reason; his meditations on discipline, power, sexuality and subjectivity are particularly pertinent to feminist analysis. Yet despite his preoccupation with power and its effects on the body, Foucault's own analysis was curiously gender-neutral.

This paper explores the relationship between health, the body and exercise through an examination of women's running practices. Drawing on a series of original interviews with women it shows how running reflects anxieties about health and the unruly body and how running practices are firmly linked to ideas about body size and shape and to the 'ghosts' of potential, future illness.
