Bee Frame Recommendations
Beekeepers use different sized boxes (with corresponding different sized 'frames' inside, as seen here). There are boxes that hold 10 frames and are 9.5-inches tall, called deeps; some are 6.5-inches tall, and are called mediums, and some are 5-7/8-inches tall and are called shallows. A deep box with 10 frames, when ...

Bee keeping training is usually imparted with the help of large honey marketing firms. They want small bee keepers to harvest honey and process the honey which they buy and market all over the world. Bee keeping is not all about constructing a wooden box and putting it for bees to begin producing honey for you.

beekeeping is much more important than merely the value of the beeswax and honey produced annually. This manual is all about beekeeping—understanding honey bee biology, getting started, managing bee colonies for fun and/or profit—and is designed to help you become a successful beekeeper. Welcome to the world of beekeeping.
