### Sexuality, Gender, and the Law by William N. Eskridge Jr.

All societies use law to regulate sexuality and gender relations, protecting and privileging desired practices and seeking to prevent unwanted behavior through legal sanctions. But 'unwanted' and 'desirable' varies between societies and over time, and legal norms regarding sex and gender relations are fiercely contested, domestically and at the international level.

The terms sex and gender appear to be used interchangeably. The "other characteristics" outlined in the Agenda relate to human rights and international laws, and include sexual orientation and gender identity. This suggests that measuring both sex and gender is important to ensure that no one is left behind.
