The Houses Of Louis Kahn

Louis Kahn (1901-1974), considered one of the most important architects of the postwar period, is widely admired for his great monumental works, including the Kimbell Art Museum, the Salk Institute, and the National Assembly Complex in Bangladesh. The importance of his houses, most notably the houses he designed as a young architect in Roosevelt, NJ, then known as Jersey Homesteads, will be discussed in an illustrated lecture presented by The Houses of Louis Kahn co-authors George H ...

Morven Museum & Garden

"The Houses of Louis Kahn . . . provides an architectural bridge between the personal and the professional stories, focusing on the nine houses Kahn completed, and designs for two dozen more. The story told by the authors, George H. Marcus and William Whitaker, is one of warm client relations, attention to the smallest domestic detail and a philosophical search for the best arrangement of rooms to call home."

The Houses of Louis Kahn: Marcus, George H., Whitaker ...

Richly illustrated with new and period photographs and original drawings, as well as previously unpublished materials from personal interviews, archives, and Kahn's own writings, The Houses of Louis Kahn shows how his ideas about domestic spaces challenged conventions, much like his major public commissions, and were developed into one of the most remarkable expressions of the American house.

Houses of Louis Kahn | Yale University Press

The Estonian-born Kahn designed an estimated two dozen houses during his lifetime, nine of which were built in the Philadelphia area for private clients. Of these nine, all are still standing today, some still owned by the original families. We wanted to get the lowdown on each of these houses, so we did some digging.
