Translation studies is an academic interdiscipline dealing with the systematic study of the theory, description and application of translation, interpreting, and localization. As an interdiscipline, Translation Studies borrows much from the various fields of study that support translation. These include comparative literature, computer science, history, linguistics, philology, philosophy ...

## **Translation studies - Wikipedia**

Translation and Literature publishes critical studies and reviews primarily on English literary writing, of all periods. Its scope takes in the reception of ancient Greek and Latin works, the historical and contemporary translation of literary works from modern languages, and the far-reaching effects which the practice of translation has, over time, exerted on literature written in English.

sweeping statements in comparative literature by academics who had read the literary works in translation. However, this dependence on translation was rarely recognised in comparative literature studies until the late 20th century. Foreign-language teaching did not connect with linguistics, but rather, in some vague way, with 'culture'.

To go beyond the work of a leading intellectual is rarely an unambiguous tribute. However, when Gideon Toury founded Descriptive Translation Studies as a research-based discipline, he laid down precisely that intellectual challenge: not just to describe translation, but to explain it through reference to wider relations. That call offers at once a common base, an open and multidirectional ...
