Different phone jacks pull in different signal strength. The Uniden may not be getting enough through the jack the to pull up the caller ID information. The signal strength needed for each phone is different. - Unplug all of the phones except the Uniden. - Move the Uniden phone to a phone jack where the caller ID is currently working.

Cordless Phones - Uniden Support

1) Call your telephone number and wait for the system to answer. If the answering system is off, it will answer after about 10 rings and sounds a series of beeps. 2) During the greeting message (or the series of beeps when the answering system is off), press 0 and enter your PIN code within 2 seconds.

Instructions For Setting Up The Answering Machine

On the Base or Handset (Depends on Model) 1) Press Menu & select "Global Setup" then select "Day & Time". 2) Press volume up/down to select the day of the week, and then the "arrow" soft key or select key. 3) Press volume up/down to set hour, and then press the "arrow" soft key or select key.
