World War II at Sea from Craig Symonds is a comprehensive (not exhaustive) history of the naval war in its entirety told chronologically. In other words, a section about the North Atlantic will be followed by a section on the Pacific if there were events that occurred simultaneously or one right after the other.

World War II at Sea: A Global History by Craig L. Symonds

"Craig L. Symonds's World War II at Sea is a wonderfully ample and invaluable single-volume naval history of the all-hands-on-deck 1939 to 1945 global conflict. All major naval engagements are concisely and brilliantly recounted here. And there are fine assessments of military leaders like Ernest King and Isoroku Yamamoto.
